IN MEMORIAM

The Town of Sandown dedicates this report to two well known residents, removed from our company by death.

Raymond K. "Papa" Bassett

Mr. Bassett was born in Fremont, N.H. and moved to Sandown 65 years ago. A World War I Army veteran, he was a former trustee, custodian and member of St. Matthew's United Methodist Church. He was a member of the Old Meetinghouse for 50 years. He also served as cemetery sexton, tax collector, auditor, ballot clerk, town treasurer, school board member, trustee of the Trust Fund, deputy forest fire warden and Fire Department member. he was also active in many organizations: County Forest Fire Wardens Association, Sandown 60 Plus Club, Fremont Grange, the Sandown Grange, West Rockingham County Pomona Grange and the National Grange. He was a recipient of the 60 Year Grange Pin Award.

1896 - 1984

F. Edward Deveau

His interest in the Town of Sandown has seen Mr. Deveau serving many positions: Member of the Sandown School Board and Timberlane School Board and planning committee, president of the Sandown Lions Club, president of the Old Meetinghouse Association, charter member and president of the Sandown Militia, charter member of the Sandown Fire Assoc. and Fire Department and a member and trustee of St. Matthews United Methodist Church of Sandown. During WW II, he served in the Sea Bea's 532 unit assigned to the Pacific theater of operations. As a square dance caller, he dedicated many years to the youth of Sandown with a group known as the Sundown Shufflers.

1918 - 1984

In years to come may we remember their contributions to the community we know as Sandown.

LIBRARY REPORT 1984

Catherine Wright, our children's librarian, has continued children's programing thru out this year. Rainbow Reading Program was added to our summer reading program. A costume party was held for Halloween and Mrs. Claus returned to visit our children. Sandown Central School children participated in an essay contest on why they like their library. We were pleased to have Sandown Central School Staff visit our library for a teachers tea in November.

Our youngest staff member, Jackie Carlson graduated from High School last June. Although she now works a full time job elsewhere, she continues to work at the library periodically. She has started to up date resident addresses and has worked to have overdue books returned.

With the help of a local pilot, we have distributed some of the discarded books to service men stationed in remote areas. Other discarded books have been donated to Rockingham County Nursing Home.

Our library continues to enjoy the privilages of membership in Merri-Hill-Rock Cooperative. The Co-op has worked hard to secure reasonable discounts for book purchases among other advantages.

The staff would like to thank all the people and organizations that have donated their time and given gifts thru out the year.

Respectfully submitted,

Catherine Pinard

BOARD OF ADJUSTMENT

During the year 1984 this board heard twenty-one cases. We had twelve requests for Special Exceptions of which all were granted, the applicants having met all of the requirements for a Special Exception. Some of these requests were for home operated businesses, but the majority were for the construction of apartment complexes and duplex dwellings. As the Town of Sandown is zoned residential and even though apartments and duplexes are residential, they are of a commercial nature and therefore it is necessary to obtain a Special Exception to comply with the zoning ordinance. A total of eight Variances were heard. Of these only one was denied. Some of these were of a minor nature and to have not granted them would have been an injustice. One of these was quite controversial and caused the applicant a great deal of anguish, through no fault of his own. This was in regard to property that was sold with insufficient frontage on a town or state road. However, as the property had more than enough area required for a buildable lot, the variance was granted. The board also heard an Appeal to an Administrative Decision. This appeal was later withdrawn however, as an amicable agreement was reached by both parties.

During the year Fred Cote and Mrs. Sharon Westcott tendered their resignations which were regretably accepted. Our chairman Tim Morrill also resigned in the latter part of the year, stating that he wished to devote more time and energy to the Planning Board of which he is also a member. Tim as Chairman of the Board of Adjustment brought many changes to this board. These changes ensured that the board would continue to operate in a knowledgeable and efficient manner. One of these was a new format for application forms. The board will most certainly miss his expertise as we sit on cases in 1985. Mr. Mitch Allore was elected chairman to take Tims chair.

The Board of Adjustment now consists of Mr. Allore, chairman, Mrs. Pamela Elkins, vice-chairman, Mr. John Roe, Mr. Steven Holland and Jim Tammany, Secretary. Our alternates are Mrs. Roe, Mr. Daniel Elkins and Amelia Leiss.

Respectfully submitted,

James P. Tammany, Secretary

BUILDING INSPECTOR'S REPORT

1984 produced a total of 182 building permits. Included in this total are 97 new homes, 60 additions, 13 remodeled, 4 in-ground pools, 4 chimneys, 3 duplex and 1 fourplex.

The new houses are varied in style and size. These houses are of a good quality, and the builders are cooperative and willing to maintain and promote solid building practices. People who handle their own projects are also cooperative and interested in doing a good job.

I would like to thank the selectmen, board of adjustment, planning board, and the highway dept. for their assistance. As our zoning laws increase, communication among departments becomes more important and necessary. Their information and guidance has been vary helpful.

Respectfully submitted,

William J. Cachion
Building Inspector

SANDOWN CONSERVATION COMMISSION

The Conservation Commission reviewed several Dredge and Fill proposals and made its recommendations to the State Wetlands Board.

The Commission sponsored a Sandown youth for the Society for the Protection of N.H. Forests' summer conservation camp. An essay contest was administered by the High School Administration in accordance with the guidelines established by the Society. It is hoped that this will be an annual event as the Commission believes that the future rests with our youth, their education and experiences.

The Commission wishes to welcome two new members, Cynthia Edmunds and Dot Corbin. This brings the membership to four and there are three more positions to be filled. Are you interested?

It is with great regret that we have accepted the resignation of Melo Dickason, a staunch protector of the Sandown environment for 10 years and one of the original members, and Robert O'Neil, an organizer and go-getter for nearly 8 years. We will find both hard to replace.

If anyone would like to talk with us or just observe the Commission at work, we meet the third Thursday of each month at 7:30 in the large room beneath the Library.

The conservation fund now contains $2,227.72.

DERRY VISITING NURSE ASSOCIATION

The Derry Visiting Nurse Association has proudly served the Town of Sandown since 1974.

Following are some major statistics for Sandown last year.

acute nursing visits	79
maintenance nursing visits	11
physical therapy visits	26
occupational therapy visits	10
acute home health aide visits	15
maintenance home health aide visits	75
senior clinic contacts	44
child health contacts	65
homemaker hours	15

It is impossible to translate the above services into human values, but our clients and their families can testify to the meaning of home health care in their lives. The agency has a strong commitment to helping the elderly, the sick, and the handicapped to maintain their independence and dignity at home as long as feasible in the most cost effective manner possible, as well as providing health promotional services to children and adults.

Sandown representatives on the Board of Directors are Lilian Fay and Kathryn Mulhall.

FIRE DEPARTMENT REPORT

This year has been a busy one for the Fire Department. Although the number of actual fire calls has not increased much, the calls for inspections of oil burners and wood stoves have kept us busy. Some of our goals for 1984 were to update our Breathing Equipment and to start a numbering system for the whole town. The Breathing Equipment project has been completed. Six of our units were rebuilt and two were replaced with new ones. Most of our air bottles were cleaned and tested and we also were able to purchase six new bottles to add to our air supply. I feel much more comfortable with our new and updated equipment now and feel the safety of the men has been greatly improved. The street numbering project was started by the chairman of the Board of Selectmen and is very near completion at this time. I thank Mr. Melanson for all his work on this project. Once this plan is in place and working it will help fire, rescue, and police personnel locate the homes of people who have called for our services.

In the year of 1985 the department is hoping to update our fire and emergency call system. This project will consist of a professional dispatcher answering all calls twenty-four hours a day. A tone out system with pocket pagers for all fire and rescue personnel will assure a better turn out for all calls. This system will be costly to get started but is really needed and your support will be greatly appreciated by members of the department.

With so many homes being built and most of them with wood stoves, I would like to remind home owners to keep a close check on installation and upkeep of stoves and chinmeys. The fire department is always glad to take a look at your stove installation and offer advice if you would like.

This being a strictly volunteer fire department without pay, and requiring a lot of time with training and actual calls, demands a great deal of pride and dedication to make it a smooth working department. I personally thank all of the officers and firefighters that make up this department and make my job as chief so enjoyable.

Respectfully submitted,

Irving Bassett

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a $1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a $1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

1984 STATISTICS

	State	District	City/Town
No. of Fires	875	437	4
No. of Acres	335	268	2

The year 1984 was very quiet as far as forest fires were concerned in Sandown. However, checking for smokes reported by the lookout towers and the issuing of burning permits keeps the Warden and his deputies busy.

Raymond S. Bassett, who has served Sandown as Forest Fire Warden for over 30 years and as Deputy Warden before that has decided to retire at the end of his appointment in 1984. Ray's retirement as Warden will certainly be felt by the department and by me especially. I know the time Ray has put into this job will soon be realized as I have been appointed the new Forest Fire Warden and the Deputies have to fill the void. I think I can speak for all of us in the Fire Service and a lot of town people in saying thank you Ray for all of your dedicated years of service to Sandown.

Do not forget: Permits are needed for any outside burning unless there is snow covering the ground. For permits or more information please call 887-4659 or 887-3967.

Respectfully submitted,

Irving Bassett
Forest Fire Warden

HEALTH OFFICER

The year of 1984 has been another busy year with its increasing problems. One of our main problems is the collection of rubbish on private property. Unbelievable how this can happen when it takes such little effort to clean up before it accumulates.

We should all take pride in our property and show it by keeping it clutter free.

Septic system failures has been another problem. Do not try to hide these problems for your own sake and the health of others. All septic system repairs must be OKed by the Health Officer.

I continue to ask all to help keep your property, our town, and New Hampshire litter free.

Respectfully submitted,

Robert K. Towne
Health Officer

NEWMARKET REGIONAL HEALTH CENTER, INC.

The Newmarket Regional Health Center completed its thirteenth year of service in 1984. The Newmarket Regional Health Center operates two medical offices, one in Newmarket and the other in Raymond, the Lamprey River Clinic. Both facilities provide general medical care, preventive health services, community outreach, social services, and short term counseling with referral to area mental health agencies.

The Newmarket Regional Health Center also operates a Self-Care Program for the Elderly in conjunction with the Occupational Therapy Department of the University of New Hampshire. The purpose of this program is to enable the elderly to stay in their home setting as well as to maintain a quality of life and independent status within their community. The focus of the program is to provide self-care skills before disability occurs and to anticipate problems with functional activities. Contact Anne Fawcett, A.R.N.P. at 1-800-582-7279 for more information.

The Newmarket Regional Health Center continues to operate the Senior Citizen Transportation Program. Three of the five busses are equipped with hydraulic lifts to provide services to the handicapped. The transportation service enables senior citizens to remain independent, self-sufficient and active by providing the needed services, including medical, food shopping and recreational trips. For further information, call 659-2424 or toll-free 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the support of the town of Sandown.

Respectfully submitted,

Ann. H. Peters
Executive Director

RESCUE SQUAD REPORT

The Sandown rescue squad has responded to 94 rescue and fire calls this past year. Each year the calls go up and we expect with the growth rate of the town the calls will continue to rise.

The rescue squad will do it's best to provide 24 hour coverage as we've always done in the past. Each year the squad tries to update and to purchase new equipment to better aide the town and people in whatever emergency that may arise.

The paging system that we now have also enables members of the squad that are not by their phones to get to the calls through our paging system. So all the way around we are trying to work with a better way to serve the town.

We presently have 9 active members, 7 of which are nationally registered EMTs. We all try to attend seminars throughout the year to further our training. We also train once to twice a month at the fire station on various types of emergencies. We do a lot of hands on practice and we also invite professionals in to talk to us on various subjects in the field.

The squad wishes to thank everyone who has supported the squad financial and other wise. We hope you will continue to support the squad and the work we do.

Respectfully submitted,

Holly L. Cote
Secretary, Rescue Squad

SANDOWN TRAFFIC SAFETY COMMITTEE

The members of the Sandown Traffic Safety Committee were appointed by the selectmen in September 1984. Traffic safety committee members includes: Co-Chairpersons George Feole and James Comerford, Secretary Scott Ashley and members Edward Garvey, Joseph Gannon and James Devine.

The committee developed and presented a list of potential traffic hazards to the selectmen. The selectmen approved further study by the committee of the listed hazards.

Following this approval the Safety Committee, working with state officials recommended the installation of a blinking light on Main St. opposite the elementary school. The selectmen approved this recommendation. The light will be installed by the New Hampshire Department of Safety.

During our meetings many other topics were discussed, including future posting of traffic safety signs, warning lights at the fire house and the new radar police unit.

Respectfully submitted,

Joseph Gannon

CABLE ADVISORY COMMITTEE

TO: Board of Selectmen
Sandown, New Hampshire

FROM: Cable Advisory Committee

SUBJECT: CABLE FRANCHISE RECOMMENDATIONS

After several months of discussion, the Cable Advisory Committee recommends that the Town of Sandown grant a 15 year cable television franchise to Continental Cablevision.

Our recommendation is based on several factors:

- o Harron Cablevision has shown little or no interest in meeting with the Committee or otherwise persuing the franchise. We feel that such lack of interest would translate to poor service to our town.
- o Continental, represented by Dick Cote, has been in constant contact with the Committee, met with us several times, provided tours of facilities and answered many questions.
- o Our community will be served by the same system serving other communities in the area, Plaistow, Hampstead and Danville.
- o The Proposed agreement includes provisions that all of Sandown, as currently mapped, would receive cable. (As of 1/15 Harrow had not responded to our request for service density)
- o Sandown will have access to programming produced at all schools in the Timberlane District.
- o As a Company, Continental appears to be a more stable Company, currently the 8th largest Cable Television Company in the country.
- o We feel that the interests of the town will best be served by a company with the local representation and reputation of Continental.

The Committee will remain available to the town until such time as the final franchise agreement is implemented.

Attached please find a copy of Continental's proposal to the town.

Sincerely,

James M. Henderson, Chairman

SELECTMEN'S REPORT

1984 has been a busy year and indications are that future years will be little different.

The growth of the town has imposed a signifigantly increased burden on the task of property valuation and record changing. We believe consideration should be given to hiring a qualified individual to serve as a town assessor.

As a result of state clarification of financial record keeping rules, the selectmen's aide must now perform work once done by the treasurer. Added workload such as this and requirements to seek a new waste disposal arrangement suggest serious consideration be given to obtaining a professional administrative assistant, (probably part time).

As an aid in reducing the record keeping task and a possible reduction in increases of data processing costs, additional consideration will be given to obtaining a town owned computer.

The road situation continues to be a concern. While plans are being formulated for road improvement proposals, certain roads have been seasonally posted to reduce further deterioration.

Since town business is best accomplished through town residents, we again appeal for greater citizen interest and participation in the various town boards, many of which are in need of members and/or alternates.

Respectfully submitted,

William Melanson, Chairman
George E. Romaine
John J. Cote

POLICE DEPARTMENT REPORT

The Town has continued to grow placing greater demands on officers and equipment. In 1984, the department found they were unable to meet the demands with the budget approved for them in 1984. Police officers have additionally donated their on-call time at no cost to the Town.

There has been a marked increase in calls received from residents to the Department. The increased patrol hours budgeted in 1984 allowed a greater visability factor and helped defray the hours worked without pay.

A First Generation Work Processor was added to the police equipment inventory. This was donated to the Department at no cost to the Town. The officers, themselves, purchased a radar unit for the Department after we were unable to match a Federal Grant due to lack of funds in the Police Department budget. The new Crown Victoria is on-line and has logged nearly 30,000 miles since July.

Police officers in 1984 attended additional training beyond the required State Certification. Courses have been completed providing the community with a Certified Police Prosecutor, Certified Juvenile Prosecutor, Certified Radar Operators and Certified Intoximiter 3000 Operator. All courses taken by the officers are done at their own expense in cases where there is a fee and without hourly compensation from the Town.

The Police Department budget I am requesting shows a marked increase over last year's budget. The amount approved by the Sandown Budget Committee is not enough for 1985. In order to meet the needs of the residents, the officers must be paid for the hours they work. Realistic funding must be made for maintenance, gasoline, telephone and equipment. By not properly funding, it places the Town in jeopardy. When expenses occur beyond the anticipated projections, funds are taken from the salary line of the budget. The $59,000 I originally requested will allow the expenses of the Department to be met as well as the officers being paid for the hours they work.

The Town is fortunate in that the officers who currently served are the best trained and qualified officers in the history of the Town.
